

## Entry Form

This competition, for primary school children, raises funds for local primary schools – every performance earns the performers' school a donation of \$10; plus the overall winner's school receives a \$100 cash first prize as well. Winners also get prize packages on the day, donated by local businesses and shops. Any style of performance, and any size performance group, is fine!

Only primary schools in the suburb of each event are eligible for the performance donations and first prize. However, any performer can compete, no matter where they are from. There is a cap of 20 performances, or \$200, on the number of performance donations any one school can receive. The first prize donations are in addition to this limit. All primary school children are welcome to enter, however entrants must be able to complete a reasonable complete routine to qualify for the school \$10 donation. Entries can be individual, or groups. Groups are counted as one performance.

Heats for early entries start at 12 noon; if there are a lot of entries, and on-the-day entries, heats for these may start earlier than noon. The contest will finish with finals at 1.30pm, with winners announced at 2pm. Entries on the day are usually accepted, but please come early, your heat may be before noon. Competitors should report to the stage manager at least 20 minutes before their scheduled performance time.

Competitors must bring any backing music, instruments, amplifiers, or any other requirements, with them. The Festival will provide a complete sound system, microphones as needed, sound engineer, and CD player.

This Entry Form can be emailed, or mailed if posted early, to the address below (also bring a copy to the stage with you).
